W. O. W. HALL DEDICATED; BIG CROWD PRESENT

New Home of Log Cabin Camp Formally Opened At Elaborate Ceremony.

Excellent Program Given; To Start Membership Campaign March 1st.

With one of the biggest crowds, if not the biggest, that ever attended a similar event in Richmond, the W. O. W. Hall in the Pillow building, was dedicated last night with beautiful ceremonies and interesting speeches by a number of able speakers. Too much credit cannot be given the committee that arranged the program and the other details of the big event.

The program was started with the singing of the "Opening Ode" by the camp. Then there was "Objects of Woodcraft," by Past Consul George Henley; "History of Woodcraft, and the Pacific Jurisdiction," by T. M. Robinson; piano solo, Myrtle Sheerruble; "History of Log Cabin Camp," George Henley; duet, Mrs. Engleman and Mrs. Magnis; exhibition drill by Wedgewood team No. 604 of Berkeley; violin solo, Master Hoffe; exhibition drill, drill team of Oakland Camp No. 94.

Peter F. Gilroy, deputy head consul, made the dedication address. T. M. Robinson, chairman of the head board of managers, also made a short address. After the program the carpet was rolled up and dancing was started.

E. B. Holliday of Athens Camp No. 457, Oakland, was chairman of the evening.

August 11 is the 25th anniversary of Pacific jurisdiction of the Woodmen of the World and that day will be celebrated at the Exposition by a huge drill and a reception to the Woodmen of the World. Prizes will be given to the best drill teams.

The Jurisdiction will start March 1 on the silver anniversary campaign for new members. The campaign will be concluded August 11 with a huge class initiation.

FIRE CHIEF OF OAKLAND LOOKS RICHMOND OVER

Surprised at Lack of Fire Hydrants and Territory to Be Covered.

That Richmond needs a large number of new fire hydrants and that an addition should be made to the department by the purchase of a pumping engine, was the opinion expressed by Second Assistant Fire Cheif McGrath of Oakland, who was a recent guest of Fire Chief Roy Lemoine. Lemoine took McGrath around the city in his machine.

One of the things that struck the Oakaind fire heief was the lack of water with which the local department is handicapped in its endeavors to fight conflagrations. McGrath asserted to Lemoine that the addition of a pumping engine would greatly facilitate work at fires, allowing the pumping of water from a point 2000 feet distant.

McGrath expressed himself as surprised and pleased with the progress made by the Richmond fire department. He carefully examined all equipment, and complimented Lemoine on the first class condition in which it is kept.

HI CHEMISTRY CLASS WILL GO TO CROCKETT

GENERAL APATHY INVADES MEETING OF TAXPAYERS- MAYOR WAS CHAIRMAN

Seventy people were in attendance at the meeting of the Contra Costa Taxpayers' Association, held last night in the auditorium of the Lincoln school. An address was delivered by W. A. Wann, one of the members of the Tax Association of Alameda county.

In the absence of Dr. Cunningahm, Mayor E. J. Garrard was appointed chairman by President Boswell.

Boswell, in a short talk, scored the present plan of building stretes. He stated that street work and the upkeep of streets after they are completed will cost more and more from now on.

Boswell said: "In the future the streets will have to eb looked after by the city. The maintenance will be by direct taxation, provided for in the city budget. As the population grows, it appears that these expenditures will increase. The present street department has proved very expensive, and the expense is apparently only just beginning. It is my plan to delve into the taxation of property all over the county."

Wann said: "A tax association should promote economy and pick ofr officers only men who have had the best experience obtamable for the jobs they are to hold down.

He spoke of the overcharges of papers on city printing and city advertising, saying that Oakland has in the past suffered much from papers that agree to whack city and county work up between each other.

Further de declared: "We must insist on having the budget made public."

Mayor Garrard threw bouquets at himself and his administration.

"We could not improve on our appointees," he said, quite seriously. "We are getting a high standard of efficiency. Improvement on local assessments would be hard to make." He stated among other surprising things that many needy men are being given employment on loacl streets.

There was little or no spirit in the meeting and the crowd was obviously bored long before the speechifying had concluded.

RICHMOND ALREADY REAPING BENEFITS FROM EXPOSITION

Richmond is early reaping direct benefits from the Panama-Pacific Exposition. Not only are all the hotels in the city crowded with people, but the real estate men say that they are kept busy showing prospective buyers from Eastern and Middle West states local property.

M. W. Truitt, local real estate man, declared yesterday that two prominent Spokane residents, one a business man and the other a doctor, attracted to this city by the publicity Richmond is getting at the Exposition, have decided to locate here in the near future. Truitt spent a part of yesterday showing the prospective residents around the city. Three residents of New York state have also called at Truitt's office and inquired about local properties.

Other real estate men are feeling the impetus that the Exposition is giving to business on the Pacific Coast and to Richmond.

Mrs. Brown, proprietor of the Imperial Hotel, states that she is doing a better business now than she has for several months. On the hotel register are names of many guests who have told Mrs. Brown that they intended to invest money here, or locate in Richmond permanently.

POLICE AUTO AND STREET CAR IN BAD SMASH

Patrol, Driven By Officer Wylie, Collides With Sixth St. Car on Prominent Corner.

No One Injured in Accident That Occurred at Late Hour—Machine Damaged Slightly.

What might ahve been a serious smashup with fatal consequences occurred shortly after midnight last night, when the police auto, driven by Patrolman Wylie, collided with a Sixth street car at Sixth and Macdonald. Fortunately no one on the car or in the auto was hurt. Those who witnessed the accident are at a loss at whose door to lay the blame for the collision.

The police auto was progressing down Macdonald avenue, after picking up James Gallagher, an intoxicated man, at the corner of Tewifth and Macdonald. Wylie says he was not driving the machine fast, and was ringing his emergency bell. He did not sight the Sixth street car, in charge of Motorman C. E. Angell and Conductor Joe Snelling, until about 30 feet away. He put on his emergency brakes, but too late to avert the crash.

The left side of the machine hit the front end of the car and the big automobile was turned half around.

Damage not to exceed $100 was done to the machine. Beside denting in the side, the smash badly twisted the fender and broke several spokes on the front wheel. The glass in the front of the street car was broken.

Although Special Officer Mahnke and the prisoner were on the inside of the machine, neither man was injured, but were severely shaken up.

Had the auto or car been traveling at a high rate of speed several persons might have eben seriously injured or killed.

GAMBLER IS FINED $150 BY POLICE JUDGE LINDSEY

Police Judge Lindsey yesterday afternoon overruled the motion of Attorney Hannum representing Mihcael Palos, the Greek lodging house proprietor of Pullman, who was on Tuesday found guilty of gambling, that the judgment of the jury be set aside. Lindsey ordered Palos to pay a fine of $150. The fine was paid out of the $200 bail money that Palos deposited at the time of his arrest.

When Judge Lindsey overruled the motion, and fined the Greek $150, Attorney Hannum stated he would appeal the matter to the Superior Court in an effort to get the judgment reversed on the grounds that the jury found Palos guilty after the court had instructed the jury to find the defendant not guilty.

Mihcael Peters, the 18-year-old boy, who lost $100 gambling with Palos, has had bad luck since he first learned how to play 21. Peters lost his job at the Pullman works and gambled away his best suit of clothes.

SAYS HE'S GOING TO READ THE L. A. TIMES AS AN ANTEDOTE.

Editor Daily News:

After swallowing Odell's stuff that ran for two days in your paper, I find that my body is distressed and my brain is nauseated. While I was swallowing that stuff, my mind automatically swung back to Balaam and his dearest friend and the picture of Balaam's brawing for hay, while he was in a hay field. The modern Balaam is braying for flowers in a garden. I think I will try an edition of the Los Angeles Times as an antidote.

THE UNION LABEL LEAGUE.

Plans are rapidly being crystallized by committees from both the Central Labor and Building Trades councils for the formation of a Women's Union Label League in Richmond.

The league is being formed for the purpose of increasing the demand for the union label.

It is being formed for the purpose of utilizing the workers' greatest weapon—their purchasing power.

Through this league organized labor of Richmond will reach the women, who form the great majority of the buyers.

Demanding the union label is the simplest and easiest possible way of aiding the labor movement. When labor movement is said, the couse of fair wages, fair hours and sanitary shop conditions is meant.

The union label on clothes, food or any other article is a signboard that says:

"This article has been made in a sanitary shop, by workmen who worked a fair number of hours and were paid adequately for their labor."

Every time the label is demanded the organized labor movement is strengthened. Every demand for the label is a punch in the pocketbook for the manufacturer who is an enemy of labor.

If you do not already demand the label on everything you buy, start in right now. It is very easy. And it means very much to the workers.

Demand it, and if your dealer cannot supply a certain line of goods with the label, tell him that you are going to a store where the lebal can be obtained.

You will be surprised how quickly that dealer begins to handle union label goods.

ELECTING THEM AT LARGE.

Quite the frankest statement of present conditions made by any of those opposing Assemblyman Sharkey's bill, providing for the election of county supervisors by a vote of the county at large, is that printed in the last edition of the Byron Times.

"For instance," says that inspired paper, "our supervisor from the Fifth District—J. H. Trythall—does not care a hang what the people of Richmond think about the measures he promotes for the people of Antioch, Oakley, Brentwood, Knightsen and Byron."

No doubt Mr. Trythall, as the Time says, doesn't care a hang about the people of Richmond, or for that matter anybody else in the county except those who can in return for favors, do him favors.

Sharkey's bill, A. B. 355, providing for the election of county supervisors from districts, but by a vote of the county at large, is designed to put a stop to the pork barrel style of handling county funds.

Therefore the old rallying cry resounds and pickets are placed about the pork barrel.

THE WORKER.

I have broken my hands on your granite,
I have broken my strength on your steel,
I have sweated through years for your pleasure,
I have worked like a slave for your weal,
And what is the wage you have paid me?
You masters and drivers of men—
Enough so I come in my hunger
To beg for more labor again!

I have given my manhood to serve you,
I have given my gladness and youth;
You have used me, and spent me, and crushed me,
And thrown me aside without ruth;
You have shut my eyes off from the sunlight,
My lungs from the untainted air;
You have housed me in horrible places
Surrounded by squalor and care.

I have built you the world in its beauty,
I have brought you the glory and spoil,
You have blighted my sons and my daughters,
You have scourged me again to my toil;
Yet I suffer it all in my patience,
For somehow I dimly have known
That some day the Worker will conquer
In a world that was meant for his own!

ORGANIZED LABOR

WAITERS' UNION CONTROLS 80 PER CENT OF EXPOSITION RESTAURANTS

For the past month the membership of the S. F. Waiters' Union has been steadily increasing. At the last meeting 55 candidates were initiated and 40 applications received.

Eighty per cent of the eating places at the Exposition are unionized. To handle the Exposition cafes and restaurants a special committee has been appointed by the union, which may also put a special organizer on the job. This union now has a membership of 2000.

B. T. COUNCIL RESOLUTES FOR FOOD CONSERVATION AND END OF THE WAR

Labor, in adopting a resolution presented last night to the S. F. Building Trades Conucil by O. A. Tveitmoe, goes on record as pleading for the cessation of the war. The resolution follows:

"Resolved, That the Building Trades Council of San Francisco advise the President of the United States and, through him, the National Congress, as our consensus of opinion that measures should be immediately taken to conserve and protect the food supply of the United States of America for the benefit of our people. And be it further

"Resolved, That we earnestly urge the President and the Federal government that they employ all pacific means to permanently and wisely terminate the bloody and terrible war which is at present devastating the countries of Europe and blighting the hopes of all humanity."

C. W. A. FACTIONS BURY HATCHET TO MEET FORCES OF PROHIBITION

The expected revolt at the annual meeting of the stockholders of the California Wine Association failed to materialize. The big guns, considering the ever present menace of prohibition, got together a few days before the meeting, and everything was very placid. The expected clash between the Pillsbury-Hanhcett insurrectos and the C. O. G. Miller regulars failed to clash. These directors were elected: H. E. Bothin, M. J. Fontana, J. Frowenfeld, Lewis A. Hanchett, C. O. Hooker, J. J. Jacobi, B. R. Kittredge, C. O. G. Miller, H. Rosenfeld, F. W. Van Sicklen and L. S. Wetmore. B. R. Kittredge was elected president; Miller, first vice; L. S. Wetmore, second vice; J. Frowenfeld, third vice.

SIX REELS OF CHARLIE CHAPLIN'S BEST AT THE POINT THEATRE

All trails lead to the Point Theater this afternoon.

"Tillie's Punctured Romance"—six reels of Charlie Chaplin humor—is going to be given its first matinee in Richmond this afternoon. Along with that famous film will be other features.

"Tillie's Punctured Romance" has been showing in high priced San Francisco theaters for weeks and has been attracting crowds at every show.

The film is conceded to be the greatest motion picture comedy ever produced and Manager Tcherassy is to be especially congratulated for having succeeded in getting the film for this city.

Tickets for the great film will only cost 20 cents. This small sum Tcerassy decided on, believing that the film will attract record crowds.

BIGNESS OF MOVIES SURPRISES STAGE STAR

Mabel Taliaferro

Mabel Taliaferro, the well-known theatrical star, is soon to be seen in the photoplay, "The Three of Us."

"I never realized," she said, "how big a thing picture acting could become until I began to rehearse. But eventually I think that the screen drama will greatly improve and the small picture will go out of fashion."

AT THE RICHMOND

The daring drama, "The Redlight Abatement Law," is to be shown in this city at the Richmond tomorrow. All that this announcement means can be learned from the fact that no other play can approach this in showing the life of the underworld in its true colors, nor does any other present a like merit in its truthfulness and power. This play is a direct reproduction of the play of like name which created the sensation of the season at the Empress theater in San Francisco.

Cahrlie Chaplin makes the laugh that goes well with the solemn feeling left from "The Redlight Abatement Law" and this delightful comedian appears again Sunday in the Keystone comedy, "Getting Acquainted." A four-reel drama, "The Taint," presents a realistic picture of a railroad collision and is in itself a remarkable picture. Manager De Lorme pronounces next Sunday's show as one of the outstanding combination which can seldom be gotten togehter by a theater's book-

THE SPORT LOG BOOK

BRENTWOOD WILL HAVE SPEEDY BUNCH

Brentwood fans are confident they will have one of the best bush teams in this section of the state this year; a team that will be fast enough to travel in the company of the Elks. Byron Grigsby, veteran player, has been chosen manager of the up-county club. Cahries A. French has been elected secretary of the club and Robert Wallace will act as treasurer. An effort will be made to secure a subscription of $300. New suits will be provided, and the diamond put in shape.

Brentwood will go after an outside battery, and an imported shortstop. Roy McCabe will probably play second base. The balance of the team will be Tony L'Heureux, first base; Robert Wallace, third base, and Anderson, Wallace and Diffin in the field.

BILL LUCE IS A REGULAR MANAGER

The following from the San Francisco Daily News bears out suspicions we have had for some time that Bill Luce's fame as a diamond magnate extends beyond the confines of the greatest city in Contra Costa county:

"You have to hand it to Manager Luce of Richmond. According to recent advices, Luce ahs booked games for his team with the Oaks, 'Mormons,' St. Mary's College and is angling for a series of games with the Minneapolis Club of the American Association. Luce intends to try for a game with Chicago next season, too."

LOCAL BARBER WINS ON FOUL

Billy Lawlor, west side barber, who made his appearanec as an amateur boxer at the West Oakland club show, wo nhis fight with George Miller. In the first round Miller uncorked a wild swing. It went below the belt, and the bout was ended by the referee.

The Oakland Enquirer says: "If Miller hadn't been in such a hurry and delayed that punch for another rount, he might have not been disqualified. Lawlor was shy on fighting paraphernalia when he entered the arena and he borrowed the fighting trousers of Jess Willard."

SPLASH KENNEDY IS AFTER BIRTH WITH ELKS

"Splash" Kennedy, who played second base for Petaluma last season, wants to be regaled in a Richmond "uni" this year. Manager Luce yesterday received a letter from Kennedy in which the speedy infielder from Chicken Town made format application for a berch on second base. Loce ahs the matter under consideration.

Kennedy played against Richmond five different times last year. In each game he was a star, handling all of his chances without any miscues, and cracking out a safe smash in the pinches now and then.

WORK TO START ON LAKE LUCE

Work on getting Lake Luce, which now sligthly resembles the First street grounds that we were all acquainted with last season, in shape for the initial game of hte season with Cliff Blankenship's Coast League Mormon outfiet of Salt Lake, will start today. Two days o fsunshine have been sufficient to reduce the shore lines on Richmond's largest island lake.

Part of the diamond is dry now. If the sunshine keeps on sunshining the rest will dry rapidly. A week will be sufficient time in which to put the park in first class shape; Luce opines the grounds will be in first class condition for the opening game a week from Sunday. Part of the fence that blew down will be fixed. Minor improvements are to be made to the grandstand.

HI TRACK MEET BY CORRESPONDENCE

A track and field meet by correspondence is really what the local high school plans to do. Entry blanks were yesterday received from a newly oraganized athletic association of high schools in California, with headquarters in San Francisco.

The plan is to have the students of all high schools entering the association compete in the various events on certain days. The individual and average records of the students, classes and the school will be forwarded to the head office, and they will return the results of the meet throughout the state. The student will be able to ascertain his athletic ability by this means, and besides fostering athletics in general, it will benefit all of the students of the school for participation in the events is compulsory.

An athletic commission to handle the details of the various events is as follows: Clarenec Cain, Walter Hoffman and Philip Angell.

BERNHARDT NEVER AGAIN TO PLAY BOY PARTS; "PERFECT LIMB" REMOVED

Sarah Bernhardt

Sarah Bernhardt, who had her right leg amputated February 22 rather than submit to five months of idleness while the doctors were treating it is 71 years of age. Artists have pronounced Bernhardt's limbs perfect in their proportion.

Both Paris and Brussels claim her as a daughter. Her real name is Rosine Bernard, and Sarah Bernhardt was assumed when she made her stage debut in Paris in 1862. Her first American tour was made in 1880 and her last one in 1913. She has one son, Maurice, a playwright, and a great granddaughter. She appeared in "L'Aiglon," the role in which she is picutred here, in America in 1900.

HIGH TOSSERS TO JOURNEY TO NILES

The baseball nine of the local high school plans to try conclusions on the diamond with the team from Centerville high. This is the first game in this season's series in the C. A. C. A. A. league, and will be played on a dry field at Niles today.

Captain McCann, the initial sack decorator, will, in the absence of Elwood Johnson, play behind the bat, and the remainder of the lineup will be: Chester McAllister, pitcher; Clarenec Brown, third; Charles Parker, shortstop; Abie Horvits, second; George Greathouse, Arthur Noyes, Jack Lee, field.

The local team ahs had littel or no no practice on account of the inclement weather.

Any wishing to make the trip may join the team at the school at noon today. One dollar will cover the round trip fare.

SPORTING GOULASH

Quite a number from Richmond are planning to attend the third annual ball of the Martinez Athletic Club, to be given in Martinez tonight. Music will be furnished by the athletic orchestra and the festivities will be wound up with a big supper.

* * *

Arry Ball, the young bush star unearthed by Joe Solari, is expected to prove a sensation this season. Ball will probably play for Modesto against the White Sox when those two clubs clash next week.

* * *

It will be one of those regular diamond arguemnts when the fast club of Santa Clara College plays the San Francisco police at Ewing Field in San Francisco Sunday afternoon. Santa Clara ahs some of the fastest boys in the state in its lineup. On the college roster are Byler, formerly of St. Mary's; Hicky, Reppy, Leonard, Stewart, Ramage, Montogmery, Sheehan, Maginnis, Fitzpatrick, Hawkes and Shcols. Nearly all of these bushers played in the Trolley League when that organization flourished.

* * *

We feel real exuberant tonight. We have learned how to trim our alleged moustache.

* * *

NEVER A DAY PASSES THAT BILL LUCE DOESN'T GET A LETTER FROM SOME FAST BOY WHO DOESN'T WANT TO REPORT TO THE CLUB HE IS UNDER CONTRACT WITH. ALL OF THESE BOYS WANT JOBS WITH THE ELKS. SOME OF THE LETTERS COME FROM POINTS AS FAR DISTANT AS LOS ANGELES AND MONTANA. GUESS RICHMOND GOT A GOOD BIT OF ADVERTISING OUT OF THE STATE LEAGUE.

* * *

State League baseball in Vallejo is one of these on again off again propositions. One day Vallejo is in the league, and the fans of the Navy Yard city are up on their toes waiting for the gong to ring. The next day the Vallejo scribes and Dan Gillin remember that it is Exposition year, hupt out a few more drawbacks to the success of the league, and then decide that Valelio doesn't want it. Yesterday Vallejo was in the league. Today it is time for the Gillinites to withdraw.

* * *

Lou Schroeder has been a frequent visitor of late in Vallejo. Bill Luce wishes he would drop out this way for a chat. Luce has a couple of hundred matters to take up with him.
